WHO STANDS ON TOP?

Over 50,000 games available

Personalized game recommendations based on user behavior and preferences

Includes Steam Workshop for mods, user reviews, forums, friends lists, and chat

Hosts major sales like the Summer and Winter Sales, with discounts up to 90%.

Steam supports various VR headsets and features Big Picture Mode for TV and controller use

Approximately 1,000+ games available

Basic recommendation system based on a limited set of data

Limited social features, focusing primarily on game purchases and downloads.

Offers occasional sales and free games but lacks Steam's large-scale events.

The Epic Games Store lacks comparable VR support and does not offer a dedicated Big Picture Mode for TV and controller use
